

OUR COMMITMENT TO YOU

- We only use the best-of-the-best products with no blemishes
- We are quality and results driven
- We create various solutions for different needs
- We care about long-term solutions and relationships
- We do everything as if it was for our own homes and families
- We treat others as we would want to be treated

AN EXAMPLE PROCESS OF HAVING A GUTTER PROTECTION SYSTEM INSTALLED *...

1. Find a dealer in your area
2. The dealer will visit your house for a consultation and scope the work
3. Dealer will draft a quote for your review
4. If approved, your chosen gutter protection system will be installed
5. Enjoy peace of mind by never having to climb a ladder to clean your gutters

Are you ready to protect your home and have peace of mind that your gutters are covered?

Contact your local dealer for a quote today!

*This serves as an example of what a typical process may look like.
Will vary depending on dealer.

OUR PREMIER GUTTER COVER

THE **LEAF TERMINATOR**®

Gutter overflows can quickly cause damage to landscaping, ruin basements and destroy the foundation of a home or structure. Improperly cared for gutters can also lead to other serious and possibly more unnoticeable problems, including, but not limited to, mold, mildew and rot. The Leaf Terminator® has a patented design and features our exclusive perforation pattern that allows water to flow fluidly while stopping leaves and debris from clogging gutters. This sleek look adds to the aesthetics and value of your home while protecting it from damage. The Leaf Terminator® has passed rigorous independent testing and is certified to endure 110 mph winds (category 2 hurricane) with no lift or movement, and can withstand 22 inches of rainfall per hour. It will perform as promised even in the harshest weather conditions, keeping you safely off your roof!

- .096 perforated holes
- Compatible with all roof styles
- One-inch overlap at each connection
- Easy installation over existing gutters
 - no mounting brackets or hangers required
- Prevents leaves and debris from entering gutters
- Reduces home and building maintenance costs
