

THE SOLUTION®

Cleaning out your gutters is a necessary evil, but it's hard to know where to start and it's easy to make a mess. Not only can overflowing gutters ruin your landscaping, they can also cause serious and expensive damage to your home or structure. The Solution® is a cost-effective gutter cover that protects against debris clogs and has a low-profile design making it virtually invisible from the ground. The Solution has passed rigorous independent testing and is certified to endure 110 mph winds (category 2 hurricane) with no lift or movement, and can withstand 22 inches of rainfall per hour. It can handle tremendous amounts of water and wind while repelling leaves. It will perform as promised even in the harshest weather conditions, keeping you safely off your roof!

- Available in three different sizes to accommodate most gutters
- Easy installation over existing gutters
- Reduces home and building maintenance costs
